Wardrobes – made to measure

Illustrated here are just a few of the more popular options. Our wardrobes are solidly constructed in separate 'coffin', plinth and cornice sections which are screwed together once in the bedroom for ease of delivery. This makes them really easy to take to pieces and reassembled when moving house.

For the bedroom - *made to measure*

All of our chests are constructed of solid wood, hand built using our distinctive Quebec yellow pine. A solid wood carcass gives the pieces excellent integral strength. All drawers are dovetail jointed with solid fronts, backs and sides, and a ply base for stability and strength. The Chest's top has a bevelled edge and overhang on all four sides. Hardwood beach knobs and a traditional stain and wax finish gives the chests an elegant finish. Turned feet can be added as an optional extra.
